### LASER TREATMENTS

#### Initial Consultation \$50

You must have an Initial Consultation at our clinic before proceeding with any laser treatments. At this consultation, Nicola will discuss your goals with you and form a treatment plan. Clients are required to have had a skin check in the 12 months prior to Laser Treatment. There is an initial consultation fee of \$50 which will be deducted from treatment costs\* if you choose to proceed.

**\*Please note:** in the event that a doctor is required to complete a skin check or consultation at this appointment the \$50 fee will instead be assigned to the doctor, rather than being deducted from future treatments..
